

Mr. William M. Nichols, General Counsel
Office of Management and Budget
Washington, D.C. 20503

Dear Mr. Nichols:

This is in response to your letter to Admiral Turner asking for comments on a revised Department of Labor draft Executive Order on federal workplace safety and health.

We were pleased to be included in the OMB meeting on 30 July, where our representative voiced concerns about the need for proper security clearances when an inspector visits an agency with national security responsibilities. It was ~~also~~ pointed out that the inspector should be accompanied by an agency representative in such cases. These provisions have been included in the new draft. ^{Also} ~~AAAA~~, The Director's intelligence sources and methods responsibilities have been properly protected in Section 6 of the proposed Order. We appreciate inclusion of our suggestions, and in light of this consideration we ~~are pleased to~~ support the Executive Order as drafted. If you need any further information or clarification concerning national security needs, please feel free to contact me.

Sincerely,

Deputy Legislative Counsel
